RE: Oneida County Snowmobile Trail System

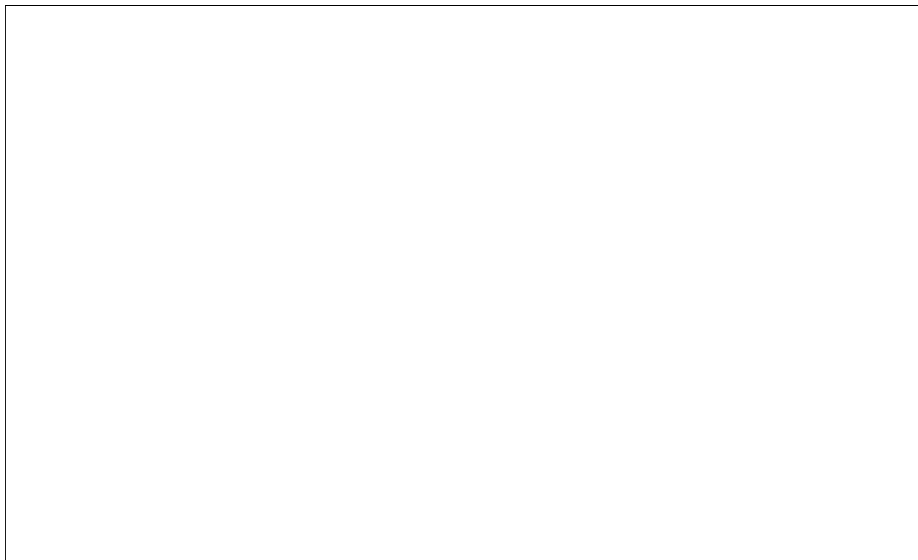

Oneida County Snowmobile Trails Remain Open

Due to the recent warm temperatures and rain, trail conditions are in rough early season condition. Some trail segments are closed due to unsafe conditions. Please check with the local snowmobile clubs for specific trail conditions and closures.

All lake trails remain closed and are considered unsafe until they have been clearly marked by a local snowmobile club.

The Oneida County Forestry, Land, & Recreation Department requests riders stay on clearly marked trails. Always exercise caution when riding a snowmobile.

For more detailed information on Oneida County Snowmobile trail riding opportunities, contact the local snowmobile club in the area that you would like to ride.
