Dear AWSC,

We appreciate the relationship we've had and your willingness to work with us to provide no-cost benefit to your membership. In order for us to provide the no-cost benefit, it needs to be beneficial for your group and our company. We've serviced your members who returned cards as a result of the membership mailing and there has not been enough participation by the individual members for us to continue providing the no-cost benefit.

We regret this has not turned out more favorably. At this time, based on the terms of your policy contract, we are providing notice of coverage termination which will be effective 60 days from the date of this letter. Unless provided otherwise in the policy contract, American Income would not be liable for claims incurred after the termination date.

Please notify all persons covered under the policy of the termination of their group coverage and the effective date thereof. Upon your request, American Income will send to each individual member a notification letter outlining their conversion privileges under the Policy. An updated mailing list will be needed for this action or if you prefer, we will furnish a conversion notice which you can distribute to all eligible members.

Again, we do appreciate the relationship we have had with your organization including the privilege of working with your membership and wished this had turned out more favorably. We are open to continuing conversation on ways to increase member interest which drives our ability to support the no-cost benefit programs. If you have any questions or wish to discuss in more detail, please contact us at 1-859-492-5752.

Sincerely,

Jason Beckman
